Keune Reviews

Our customers love Keune and for good reason - this range has some of the best performing products on the market without breaking the bank. You can easily find Keune reviews for all products on our website by searching for the product that you want to know more about and scrolling to the bottom of the page to find real customer reviews (most people LOVE this range).

While saving you from that here are some of the Keune reviews that some consumers have left after trying out a variety of Keune products.

#1 Keune Style Power Paste Reviews

Keune Style Power Paste is a professional hair styling product offered by Keune Haircosmetics. This styling paste is designed to provide strong hold and flexibility, allowing you to create and maintain a variety of hairstyles with ease. The Style Power Paste offers a strong hold that helps keep your hairstyle in place throughout the day. It is ideal for those who want their hair to stay put, even in challenging weather conditions. Despite its strong hold, the paste remains flexible, allowing you to reshape and restyle your hair as desired. This flexibility provides versatility and the ability to adapt your hairstyle throughout the day.

Have been using this for many many years on my short haircut. This is a thick paste to give you volume. Excellent product. *Joan B said.*

I have been using this product for a couple of years, and I love it. It provides a great looking texture without the hardness. Perfect for my hair. *Lorna wrote.*

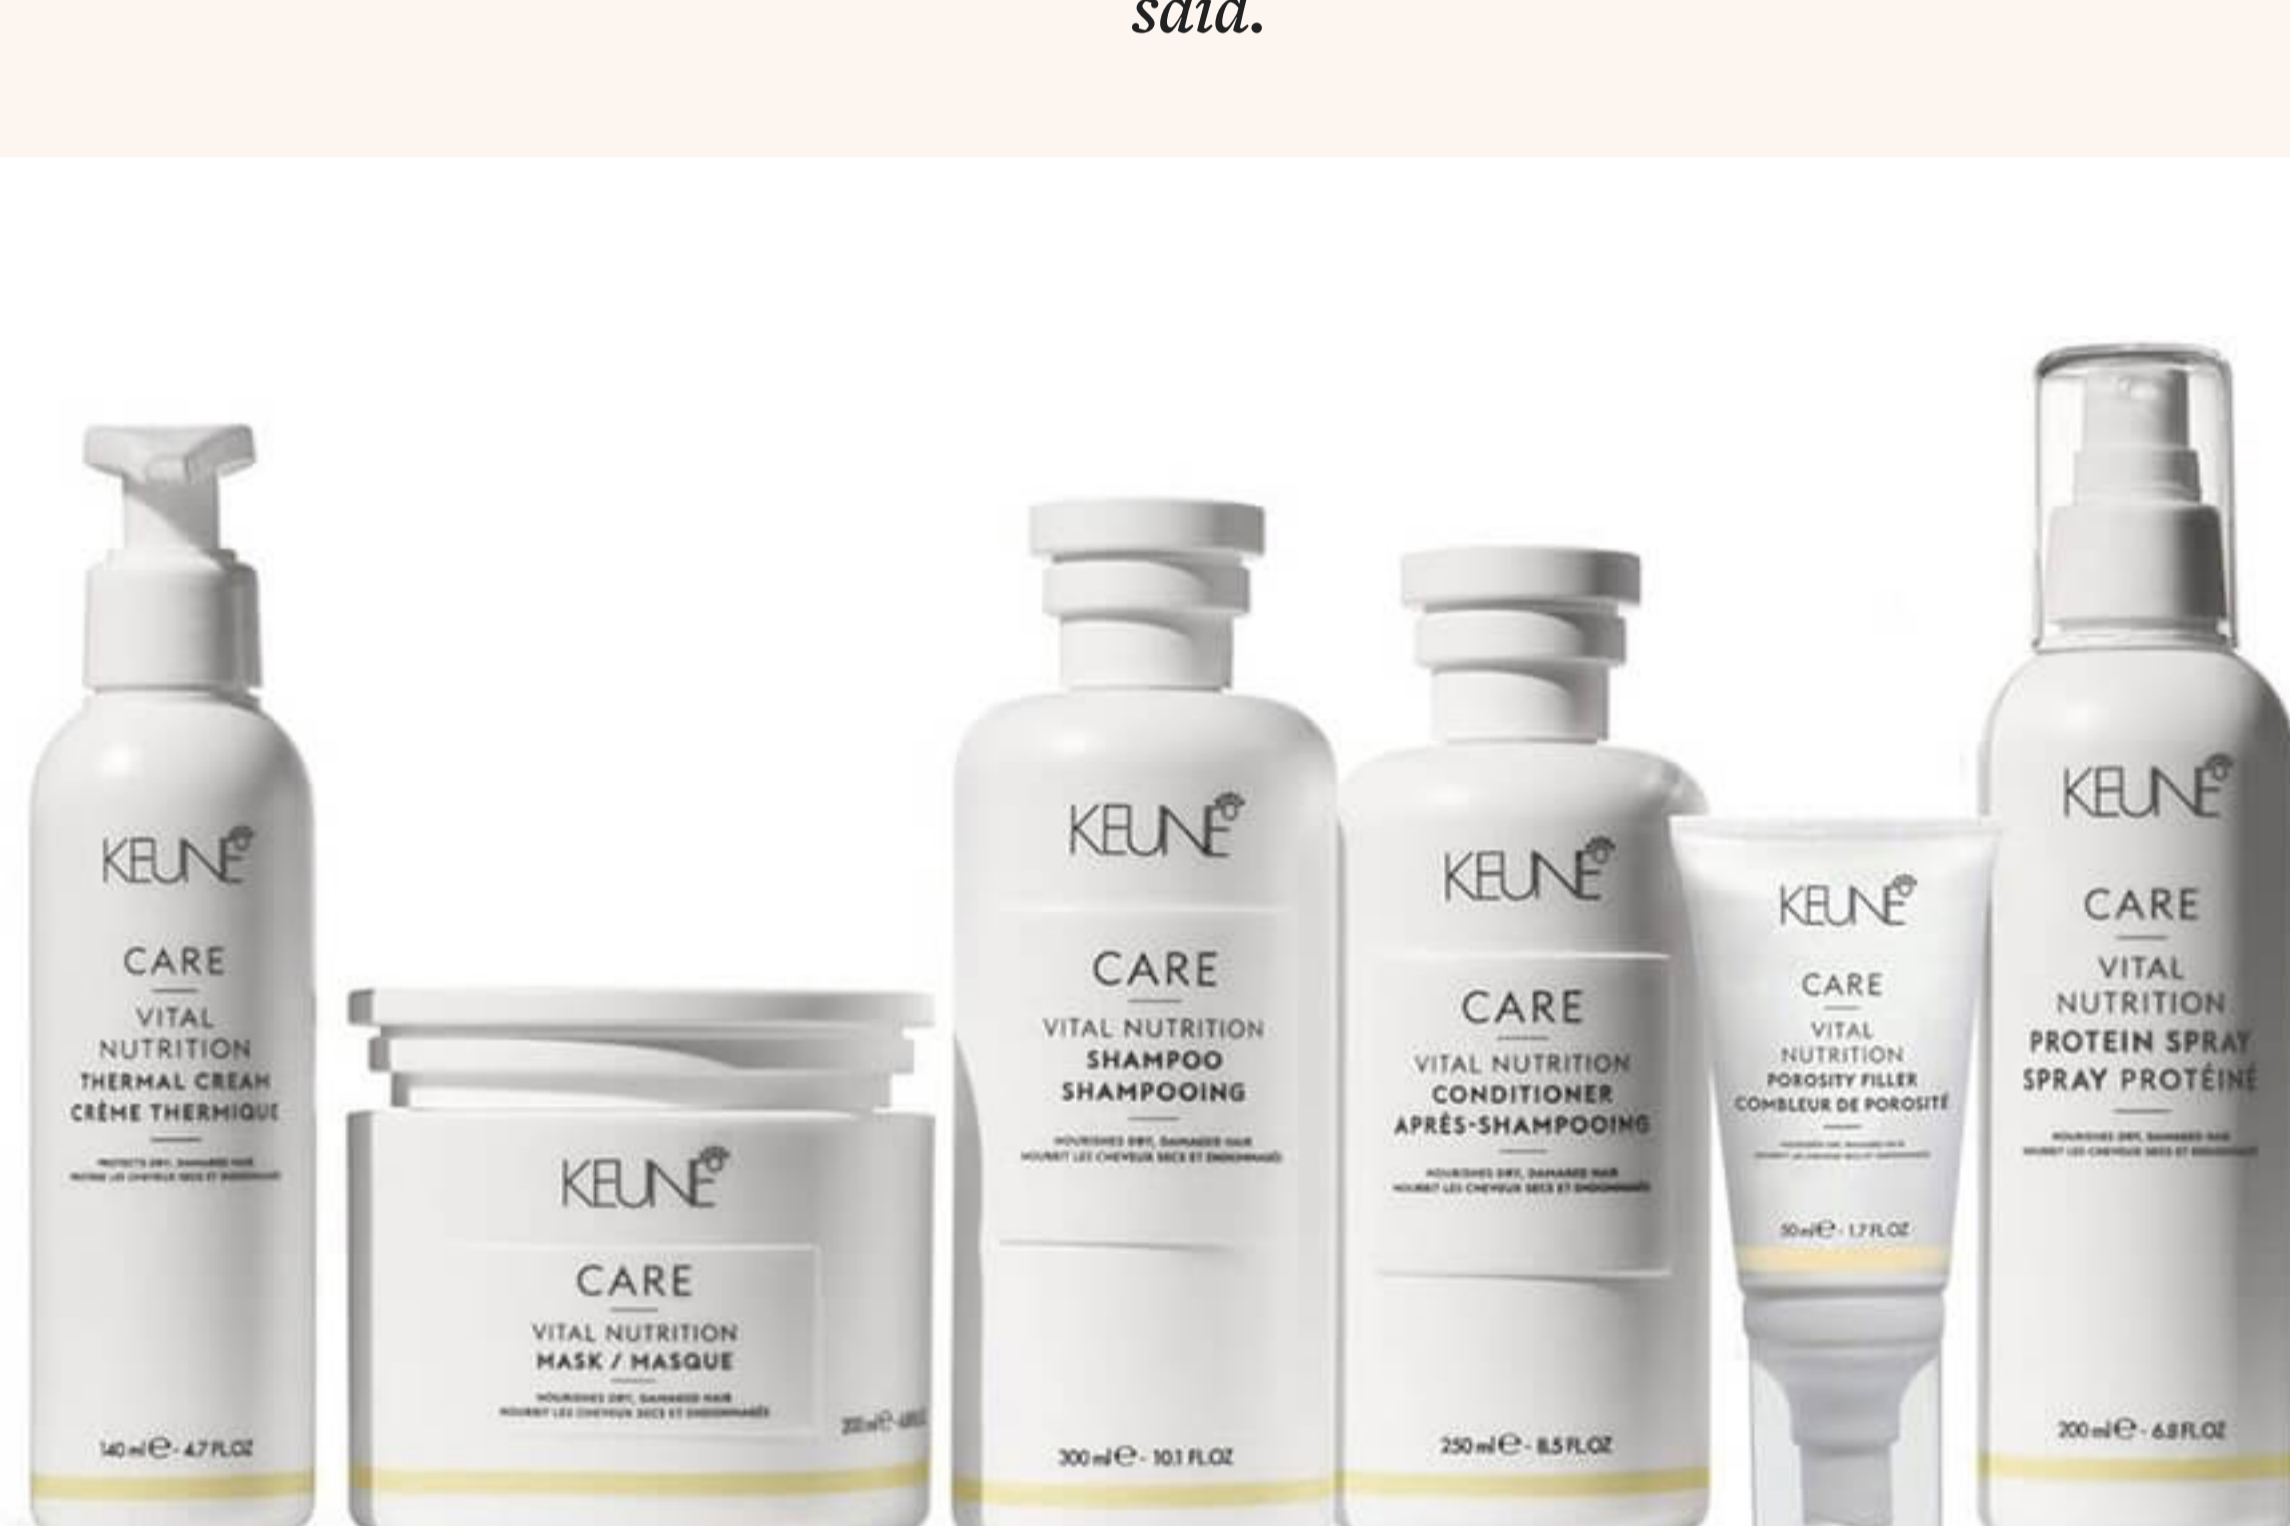

#2 Keune Care Vital Nutrition Shampoo Reviews

Keune Care Vital Nutrition Shampoo is a nourishing and revitalizing shampoo offered by Keune Haircosmetics. This shampoo is specifically formulated to provide intense care and hydration to dry, damaged, and chemically treated hair, helping to restore its health and vitality. The Vital Nutrition Shampoo is enriched with a blend of essential minerals, proteins, and vitamins that deeply nourish the hair from root to tip. It helps replenish moisture and nutrients, promoting healthier and more manageable hair. This shampoo is designed to repair and revitalize dry, damaged, and weakened hair. It helps to restore the hair's natural elasticity, strength, and shine, reducing the appearance of dryness and improving overall hair texture.

Best brand I've come across. I've come from using De Lorenzo which is still quite good but I don't feel it was the same standard. Keune lathers very well (lil bit goes a loooong way!), shampoo is still quite moisturising (doesn't feel like you're stripping oils) and does a very effective clean. As an ex-blonde, this product has worked wonders giving some life back to my hair. *Kate Johnson mentioned.*

I have used this shampoo and conditioner and also the leave-in conditioner for many years and find it excellent for my hair. I don't use anything else. *Helen Marler said.*

#3 Keune Care Silver Savior Shampoo Reviews

Keune Care Silver Savior Shampoo is a specialized hair care product offered by Keune Haircosmetics. This shampoo is specifically formulated to neutralize and reduce unwanted yellow or brassy tones in blonde, silver, and white hair, helping to maintain a vibrant and cool color. The Silver Savior Shampoo contains violet pigments that work to neutralize warm, yellow, or brassy tones that can develop in blonde, silver, and white hair over time. It helps to restore and maintain a cooler, more refined color. This shampoo is ideal for individuals with light-colored hair, including natural blondes, silver, and white hair, as well as those with chemically lightened or highlighted hair.

Have been a long time user of this shampoo love it. *Julia Muccignat shared*

Have tried numerous similar products. This beats them all. *Wendy Fortington commented.*

#4 Keune Care Satin Oil Treatment Reviews

Keune Care Satin Oil Treatment is a luxurious and nourishing hair treatment offered by Keune Haircosmetics. This treatment is specifically formulated to provide deep hydration, shine, and smoothness to all hair types, leaving the hair looking and feeling lustrous and healthy. The Satin Oil Treatment is enriched with a blend of lightweight oils, such as Maracuja, Babab, and Mono oil, which deeply penetrate the hair strands to provide intense hydration and moisture.

It helps to replenish and restore dry, damaged, and frizzy hair, leaving it soft and manageable.

Despite its hydrating properties, the treatment has a lightweight formula that doesn't weigh the hair down or leave it feeling greasy. It absorbs quickly into the hair, allowing for effortless application and optimal results.

I just started using this. I love that it's light & not greasy or heavy. I use it on damp hair for damage but it also works well for shine & fly aways. *Kristina Lea noted.*

I have really long hair and the ends are prone to dryness. This oil smoothes, nourishes and makes your hair silky soft. A bottle lasts forever so definitely great value for money. *Sam Mansfield asserted.*
